

College of Emergency Nurses New Zealand – NZNO Conference 2010 Call for Abstracts

Emergency Nursing Provincial Style: Challenging Boundaries, Defying Odds.

The conference committee invites abstracts for the 2010 College of Emergency Nurses (NZ) annual conference to be held in Whangarei, New Zealand, August 19th – 21st.

The theme for the conference encompasses the diversity experienced by emergency nurses within their various regions. We recognise how local challenges often lead to exciting, innovative research and development along with implementation of new practices. In keeping with the College's philosophy of promoting excellence, abstracts that describe frameworks for clinical practice, education and research are welcome and abstracts related to the conference theme are particularly encouraged.

Abstracts are also invited for poster presentation.

Accommodation and registration costs are the responsibility of the speaker, although a discounted registration fee will apply for those accepted to present.

Oral Presentation:

Abstracts will be a maximum of 200 words and in English.

Presenters will deliver 30-minute oral presentations during concurrent sessions (you should allow five minutes for questions)

Poster Presentations:

Poster abstracts may be submitted on any topic related to emergency nursing. The poster program is an effective mechanism for research dissemination and networking and will be displayed in an area devoted exclusively to poster review.

Abstracts must be submitted by 12 March 2010, 1400. These can be emailed to: emergencynursesconference2010@gmail.com

Submission of an abstract does not imply acceptance. You will receive an email one month from the closure date confirming whether your abstract has been accepted.

If you do not receive this, or for any queries please phone Robyn Herk (+64 09) 4338433 or Karen Walker (+64 09 4375929) or via the email above.

We encourage you to submit early to ensure prompt confirmation and processing. Please complete the form below:
